EXPERIENCE

Full Stack Developer · Artifeel — 2025 – now

Alarm and surveillance systems · Team of 3, I own all front-end work

Next.js, React Native, Node.js, MongoDB, Azure

- Lead the front end across web and mobile: architecture, tooling and delivery
- Built the Next.js dashboard used by facility managers
- Built the React Native apps for installers and end users
- Maintain and evolve backend services (REST APIs)
- Deploy and monitor services on Azure

Full Stack Developer · Métropole de Lyon — 2022 – 2024

Ecolyo, energy-tracking mobile app · Rés-in, digital-inclusion platform

React, Node, Go / Angular, NestJS

- Developed new features and fixed bugs
- Authored and maintained technical documentation
- Created a design system with Storybook
- Reduced technical debt (code smells, library upgrades)
- Brought accessibility up to RGAA 4.1
- Supervised a 6-month intern
- Led agile ceremonies and managed project tasks

Development Monitoring Engineer · Akka — 2021

Project Lead (apprenticeship) · Fiducial — 2018 – 2020

Web Developer (apprenticeship) · Plug'In Design — 2017 – 2018

Digital signage · JavaScript, jQuery, PHP, SQL

- Developed a back office and display templates
- Created a live chat-based support platform

EDUCATION

Master's, IT & Management · Institut G4, Lyon — 2017 – 2020

IS project manager, web & mobile developer

DUT, Networks & Telecom · IUT1, Grenoble — 2015 – 2017

Student association, apprenticeship at Orange

PROJECTS

Country Rank
Interactive country comparison tool · React, Next.js

Actordle
A daily cinema game · Next.js, Tailwind CSS

Spotify clone
Web & mobile · React, React Native, SCSS, Redux

fr.react.dev
Contributor to the French translation
